

COVID-19 Update

March 23, 2020

Cal-Am Properties, Inc. (“Cal-Am”) hopes that you are doing as well as possible during this Coronavirus pandemic. The purpose of this post is to notify you that Cal-Am has received actual or anecdotal evidence that residents residing in communities owned or operated by Cal-Am have been diagnosed with the Coronavirus (COVID-19). **All such residents are hereby instructed not to enter community common area facilities and to self-quarantine to avoid spreading the virus to others.** As you know, manufactured housing and recreational vehicle communities have significant populations living in somewhat close quarters. Additionally, many of our communities have a high population of 55+ residents.

Because of this, we ask that you read our full statement to learn what measures we are taking and what you can do to help.
